SUMMARY: On May 6, 1998, the Veterans' Employment and Training Service published a **Federal Register** notice (63 FR 25097) requesting public comment on the proposed extension of the USERRA. The May 6, notice allowed a thirty day comment period which closed June 5, 1998. As the Paperwork Reduction Act requires a sixty day public comment period, this notice provides the public with an additional thirty day comment period.

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506 (c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently VETS is soliciting comments concerning the proposed extension of the information collection request for the Eligibility Data Form, USERRA 38 U.S.C., Chapter 43. The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and

Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques.
